PROFESSIONAL EXPERIENCE

UX/UI Designer | [CentraLogic Consultancy Pvt. Ltd.](#) | Sep 2024 – Present | Pune, India

- Led end-to-end product design for UK energy platforms (Outfox Energy), including customer-facing portal and marketing website, reducing onboarding drop-off through improved UX flows.
- Designed and iterated on a multi-step customer signup journey, improving usability and streamlining the onboarding experience for thousands of end users.
- Created low-fidelity wireframes, interactive prototypes, and high-fidelity UI designs in Figma, supporting rapid design-to-development handoff.
- Built a scalable component library and reusable UI components in Figma, ensuring design consistency across the entire product suite.
- Collaborated with software engineers and product managers in Agile sprints, translating business requirements into intuitive user experiences.
- Conducted usability reviews and incorporated stakeholder feedback to iteratively improve product designs.

UI Designer | [Capgemini](#) | Dec 2021 – Feb 2024 | India

- Designed enterprise web application interfaces for large-scale clients, improving usability, visual clarity, and task-completion rates for complex workflows.
- Produced wireframes, user flows, and high-fidelity UI mockups aligned with user needs and business objectives.
- Partnered with front-end developers to ensure accurate and consistent implementation of designs, maintaining quality across releases.

- Maintained and evolved enterprise design systems, enforcing visual consistency across multiple product teams.
- Participated in Agile ceremonies including sprint planning, design reviews, and retrospectives to deliver iterative design improvements.

KEY PROJECTS

Outfox Energy – Customer Portal | CentraLogic (2024–Present)

- Designed end-to-end customer portal enabling self-service account management, bill payments, and service requests for UK energy consumers.
- Conducted heuristic evaluations and stakeholder workshops to define user requirements and validate design decisions.
- Delivered responsive UI designs and interactive Figma prototypes that improved task efficiency and overall customer satisfaction.

Outfox Energy – Customer Signup Journey | CentraLogic (2024–Present)

- Redesigned multi-step onboarding and signup flow, reducing friction and improving conversion rates for new customers.
- Mapped user journey and pain points; created wireframes and high-fidelity prototypes iterated through multiple rounds of stakeholder feedback.
- Collaborated with the development team to ensure seamless, pixel-accurate implementation of the final design.
